MATTHEW FUNG

SOFTWARE ENGINEER

ABOUT ME

I graduated from Hong Kong PolyU in 2024 as a Computing Major. I'm now working as a Software Engineer in Hong Kong specializing in Web Development. My duties are to bring client's specifications and requirements to life using HTML and CSS. I've helped created an AI Chatbot SaaS platform using ASP.net.

WORK EXPERIENCE

- **Innocorn Technology** Jun 2024 - Present
Software Engineer
 - Develop in-house web project for the company, ensuring quality, functionality and availability of these projects
 - Responsible for developing frontend UI for in-house projects
 - Main Project: [Kimiya AI - SaaS Platform for AI Chatbots](#)
- **Innocorn Technology** Aug 2023 - April 2024
Web Developer (Part-time)
 - Create a conversational AI chatbot using web-based technologies
 - Main Project: [Hotel Alexandra Chatbot](#) (Deprecated)
- **Stemhub Holding Ltd.** Jun 2024 - Aug 2024
Web Developer (Internship)
 - Research on LLM technology and create a RAG prototype
 - Help conduct software testing for in-house projects
 - Create an AI chatbot prototype
- **Zerion** Jun 2019- Dec 2019
Junior Data Analyst (Internship)
 - Responsible for performing preliminary data cleansing
 - Using third-party software (Kibana) to visualize data for the client
 - Create a prototype for a full stack incident reporting system
